

## Exchange Agreement

Cost of this exchange agreement is the "Exchange Fee" amount indicated below, plus the cost to repair the returned off-unit to the same condition and part number as the originally supplied unit. Customer returning core units are to be received to Sorkness Aviation, Inc. within 14 days of the invoice/ship date. Units not returned within this time will be subject to an additional charge of 1% of the outright sale price per day. Units not returned within 30 days, return cores determined B.E.R. or exchange units converted to outright sale will automatically be charged the outright price IN ADDITION to the exchange fee and any late fees assessed. Overhaul cost on your exchange unit will be billed at a later date.

All Exchange cores returned must be accompanied by a completed Material Certification with trace to an FAA approved source. Certification must also state that the part was not obtained from a U.S. Government or military source and has not been subjected to extreme heat or stress (as in major engine failure, accident or fire.) Any exchange unit that is either returned in an unopened container or has not been installed will still be charged the full Exchange Fee and any inspection and/or test fees necessary to recertify. All original trace paperwork, certificates and teardown reports must be returned with the unit. Failure to return all original documents will result in this agreement to be converted to an outright sale and the unit will be returned to the customer.

### EXCHANGE UNIT:

Part Number: \_\_\_\_\_ Description: \_\_\_\_\_

Condition: \_\_\_\_\_ Tag Date: \_\_\_\_\_ Shop: \_\_\_\_\_ Serial# \_\_\_\_\_
